

# DAILY DEMOCRAT FORUM

(Successor to the Maryville Republican)

VOLUME 2.

MARYVILLE, MISSOURI, FRIDAY, APRIL 19, 1912.

NO. 275.

## CLEARMONT CLASS

COMMENCEMENT HELD THURS. DAY EVE AT THAT PLACE.

## TALK BY PROF. EMBERSON

On "Rural Life Problem"—Our Rural Schools Should Be Made Better.

The commencement exercises of the Clearmont high school were held Thursday night at the M. E. church in Clearmont. There were four graduates in the class, being Hazel M. Wallace, Agnes E. Garrett, Hazel Broyles and Homer Hookman.

The exercises opened with an instrumental number by Mrs. Mollie Newlon, followed by invocation by Rev. Wiley. The high school quartet gave a song. A solo by Blanche Wallace was given, followed by an address by Prof. R. H. Emberson. The diplomas were presented to the class. Prof. John E. Rush is principal of the Clearmont high school.

Prof. Emberson, in his address to the class, took for his subject "The Rural Life Problem." Mr. Emberson was formerly connected with the Maryville Normal, but is now connected with the rural education department of the state university at Columbia. His address as given follows:

There are two distinct modes of life, one known as city or urban life, the other as country or rural life.

The problem of the city is isolation, while that of the country is isolation. The cities have been studying their social problems for a long time; they are endeavoring to establish parks, night schools, continuation schools, free music and lectures and other wholesome things for the poor classes.

The country life problem is engaging the attention of the best men and women in the country. How to check the stream that is constantly flowing from the country into the cities, how to hold the best families on the farms, how to make country life more enjoyable and satisfying is an unsolved problem.

The first thing that should engage the attention is the rural school. In the great educational advancement of the last twenty years the rural school is the one institution that has lagged behind.

There should be a reconstruction of the course of study to suit the life and environment of the country child. He should be educated in the terms of his experience. The work in geography should begin with the home district, making a study of the physical features, soils and products, then make a similar study of the county, state and United States.

The rural schools need larger and better equipment. In many instances the schools are so small that there is no interest or pride taken in its work. To remedy this, there should be a consolidation of several school districts, by which means it would be possible to grade the children properly, and to provide good high school advantages. This would give country children equal opportunities with those of the city, and at the same time they would enjoy the advantage of being at home. Missouri is the one state in the Mississippi valley that has done the least along this line.

The rural school should be more of a social center. It should be a place for the community to meet for literary, musical and other meetings. Here should be discussed all questions that pertain to the improvement of the community as a whole, as better schools, better roads, better church advantages, improvement of seed, care

of orchards, maintaining the fertility of the soil, improvement of live stock and more home conveniences. The school should be a place for the dissemination of good literature—books, magazines, bulletins and papers which should be read in school and in every farm home.

The time has come when country people should not be contented with a cheap school; they need to spend more money and to spend it wisely. The very best teachers should be employed and they should be kept for several years. The frequent change of teachers, together with the custom of employing young, inexperienced teachers, has had much to do in keeping the country schools in their backward condition.

Every movement which has as its aim the welfare of the people has been resisted. The movement for the improvement of the country schools is going to take time, patience and consecration, but it is a work in which all people, whether living in city or country, should be interested.

## CONCERT PROGRAM.

To Be Given by Normal Quartet, Assisted by Mrs. F. P. Robinson at High School Tonight.

The following is the program to be given this Friday evening at the high school by the Normal Male Quartet, assisted by Mrs. F. P. Robinson, under the auspices of the senior class:

Hawthorne Marching Through Georgia.....

Mr. Landon. Solo—I Dreamed I Dwelt.....Balfie

Mrs. Robinson. Quartet—Love's Old Sweet Song.....

Malloy

## DIED IN THE ASYLUM.

J. T. Snodderly, Who Was Sent to the Asylum at St. Joseph, Died Thursday Night.

County Clerk Demott received word Friday morning that J. T. Snodderly, who had been sent to that institution from this county, had died there Thursday night, and wanted to know what to do with the body. Snodderly was sent there as a county patient on July 11, 1909, having been before that in the county home. A nephew, Otis Snodderly of near Elmo, survives.

## Will Come After Dean.

Sheriff Tilson received word Friday morning that the sheriff at Newton, Kan., would be in Maryville Friday night for J. A. Dean, who is wanted at that place on a charge of obtaining goods under false pretenses. Dean was arrested Thursday by Deputy Sheriff Evans. He has been working for Elmer Fraser on his farm, east of town.

## Spent Afternoon at Bedford.

Mr. and Mrs. M. S. Moore went to Bedford, Ia., Friday. Mrs. Moore spent the afternoon with her sister, Mrs. Edward Owens, who is the county superintendent of schools for Taylor county. Mrs. Owens is quite well known to educators of Nodaway county, and is better known as Miss Della Griffith.

## Was in Town.

T. A. Carver, editor of the Courier at Conception Junction, was in the city Friday on business. Mr. Carver says that the Great Western is to add four more stalls to their roundhouse at that place, and also make other improvements.

## Rev. Miller to Darlington.

Rev. and Mrs. Claude J. Miller went to Darlington Friday forenoon, where Rev. Miller will deliver the commencement address before the high school graduates Friday night.

Latest post cards, 1 cent each at Crane's.

## BOOM FOR PIERCE

FOR REPUBLICAN NATIONAL COMMITTEEMAN.

## STANDS A GOOD SHOW

As He Would Be Supported by the Roosevelt Men—Not After the Place.

A boom has been started for W. C. Pierce of this city for national committeeman of the Republican party from Missouri. This is what the Thursday's News-Press had to say about it:

Taking advantage of the temporary absence of W. C. Pierce, who has gone to California to join his family, friends of the Maryville banker have started a movement to make him the Republican national committeeman for Missouri. His wishes in the matter were not consulted, but it is believed that he will not refuse to become a candidate should the Third, Fourth and Fifth district delegations show a disposition to support him in the state convention.

The present national committeeman for Missouri is Charles A. Nagel of St. Louis, a member of President Taft's cabinet, and, of course, a strong Taft supporter. On account of his official connection with the administration, however, he will not be a candidate for re-election, and it is said that the Taft Republicans of the state will put forward Otto Steifel, the St. Louis brewer, to succeed him.

It is predicted that the most accurate gauge of strength of the two factions in the convention will come when the vote is called on the election of national committeeman. Jesse A. Toller, state game warden, and president of the Missouri Roosevelt Republican association, has been regarded as the Roosevelt candidate for committeeman. However, much will depend on Governor Hadley's wishes, and it is said by those who profess to know that Pierce is quite as close to the governor as Toller is, and quite as likely to get the executive endorsement.

There probably will be no quarrel between Pierce and Toller, as neither especially covets the honor, it is said. Friends of both say that all differences on this score will be fought out in caucus before the convention convenes, and that the Roosevelt contingent will be solidly united for one or the other.

The national committeeman issue is one of those to be fought out in caucus at St. Louis Wednesday, the day before the convention meets.

## Arrived From Denver.

Miss Mollie Jones and her mother, Mrs. W. R. Jones, of Denver, Col., and Mrs. Jones' granddaughter, Mrs. Lucile Newman of Somerset, Va., arrived in Maryville Friday noon for a two weeks' visit with relatives and friends in this city. They are at the Linville hotel.

## Superintendent Wickizer Here.

Superintendent Wickizer of the Bethany, Mo., schools was in Maryville Friday morning on his way to Pickering, where he will deliver the commencement address to the graduating class of the high school of that town Friday evening.

## On Way to Texas.

Mrs. A. R. Adkins and daughter, Miss Kathleen, of Kent, Ia., were in the city Friday on their way to Gallatin, Mo., for a short visit with relatives. They will then go to Mission, Texas, to make their home, where Mr. Adkins now is.

## Judge McGettigan Here.

Judge Mike McGettigan of Clearmont was in the city Friday. He had been down to Barnard to visit Judge James H. Campbell, who is very sick. Judge McGettigan and Judge Campbell were associated together as members of the county court.

## Called Home by Death.

Miss Ruth Montgomery arrived home Friday morning from Chicago, where she is attending Northwestern university, called by the death of her sister-in-law, Mrs. R. B. Montgomery.

## Back From Florida.

Mr. and Mrs. S. H. Townsend returned Thursday from St. Petersburg, Fla., where they spent the winter.

Mrs. C. A. Childs and son of St. Joseph arrived Thursday for a visit with her sister, Mrs. M. A. Peery, and family.

## DIED THIS MORNING

MRS. R. B. MONTGOMERY PASSED AWAY AT 12:15 A. M.

## FUNERAL TO BE SUNDAY

At Montgomery Home—Burial in Miriam Cemetery—Had Been Sick Since December.

Mrs. R. Bruce Montgomery passed away Thursday night at 12:15 o'clock at the home of her parents-in-law, Mr. and Mrs. J. F. Montgomery, after many weeks of excruciating suffering that was borne with heroic fortitude. Mrs. Montgomery was taken ill the second week in December with appendicitis, but her sickness was not regarded serious until some time after the first operation, when complications set in that called for the best medical skill and nursing to meet. She was given the best care that could be bestowed by St. Francis hospital and her family, and at times it seemed that she might be able to overcome the many things that came up in her case against her, but four days ago another operation was found necessary, which was performed Wednesday morning, but she was unable to rally from it, and she grew gradually weaker until death released her from all suffering.

The funeral services will be held at the Montgomery home Sunday afternoon at 2:30 o'clock, conducted by Rev. Dr. J. S. Ford of the First M. E. church. Interment in Miriam cemetery.

The women of the Twentieth Century club, of which Mrs. Montgomery was a member, are called by the secretary, Mrs. T. L. Wadley, to meet at the home of Miss Clara Sturm Sunday afternoon in time to start from that place at 2 o'clock, and proceed in a body to the Montgomery residence to attend the services. This is the first death that has occurred in the club, and the loss of one of its youngest members, whose life had promised so many years of usefulness, is a deep bereavement to the members.

Mrs. Montgomery's maiden name was Ola M. Geno. She was born at Pattonsburg, Mo., on the 26th day of November, 1886. She was graduated when quite young from the high school of her home town, and taught the year following. She then spent a year in Wesleyan university of Virginia. Returning to Missouri she alternated her studies at Kirksville normal with teaching in various places in Northwest Missouri, spending two years at the Northwest Normal at Maryville, where she secured a life certificate. The last two years she taught as principal of the high school at Coffee, Mo.

On the 26th day of November, 1910, she was married to Mr. R. Bruce Montgomery of the Montgomery Shoe company of this city, while she was still holding the position of principal of the high school at Coffee. She had made many friends during her student days at the Normal, and when she came to Maryville to make her home she became at once a social favorite in church and club life. Though quiet and dignified in manner, she possessed a spirit of friendliness that made her a young woman of rare charm, and she was valued for her sweetness and purity of Christian character.

All through her illness she was never seen without a smile on her face, and when she was told Thursday afternoon that she could not live, a shadow of disappointment came across her face, only for a moment—for she had much to live for—then she said: "God knows best; His will be done." Then calling her husband and each member of the family to her bedside, one by one, she spoke comforting words of farewell and left messages for those of her family who were not able to reach her in time to receive them from her. She sank into unconsciousness at 8 o'clock and did not rally.

She is survived by her husband, her parents, Mr. and Mrs. W. J. Dix of Pattonsburg; two brothers, Robert and Mark, and a sister, Miss Letha, at home, and a sister, Mrs. Earl Cline of Gallatin.

Mrs. Montgomery was one of Maryville's strong, beautiful young women, and she leaves a memory that savors of all that is noble and good and true.

She was converted at the age of 13 years and became a member of the Methodist Episcopal church, and was an enthusiastic worker in all its departments. She was a member of the Twentieth Century club, the Sigma

Delta Chi sorority, and had been accepted for membership in the P. E. O. chapter, but her illness had prevented her initiation.

## SEED CORN TO BE TESTED.

More Than One-Fourth Planted in State Will Be Tested.

More than one-fourth of all the seed corn planted in Missouri this year will be tested, according to estimates made by the state board of agriculture. This is much more than ever before in the history of the state, but it is thought that the situation this year demanded the testing of practically all the seed, to insure a good corn crop.

"The farmers who do not test their seed are running the risk of having a small corn crop this year," said W. L. Nelson, assistant secretary of the board of agriculture. "More than 90 per cent of our correspondents report a scarcity of good seed corn. This makes it necessary for the farmer to test his corn to be sure of a satisfactory yield."

"Such a simple thing as testing one's seed corn ought not to be overlooked. Usually Missouri seed corn is good for planting, but this year is an exception. There was a long dry period of weather last summer and the development of corn was delayed. When growth was renewed with the coming of favorable weather, the corn was late in maturing and the early frosts prevented the ripening of much of it. The situation is the same practically throughout the middle west."

"Many farmers do not understand why it is so advantageous to test seed corn this year when it has not been in the past. The fact that much of the seed corn will not germinate because its vitality is destroyed is not the only reason. In Missouri the yield of corn per acre has been so greatly increased that good seed corn must be planted to keep up the average. We have much 'pedigreed corn' now. When wild steers were numerous in the west they did not need much attention. But our well bred cattle of today do, because they are a much improved animal. This is the case with our corn situation. Because we are raising better corn than formerly we have to be careful about keeping up the quality and bettering it when possible."

## FOUNTAIN TO BE RESET.

Work Will Commence Monday—Has Not Been in Running Order.

The animal drinking fountain located at the intersection of Fourth and Market streets, given to Maryville by the National Humane society, is to be taken up and reset. The fountain has not been in running order for several months, owing to a leak in the pipe to the fountain.

Work will commence Monday on resetting the fountain by Felix Grundy and John Borrusch.

## Ravenwood Band to St. Joseph.

The Ravenwood band is to go to St. Joseph Saturday, where they will take part in the band contest at the opening of the base ball season in that city. Several bands have entered the contest, and, of course, Ravenwood thinks they will win. A large crowd of Ravenwood people will accompany the band.

## Will See Two Nieces Graduate.

Mr. and Mrs. I. J. Crossan went to Pickering Thursday noon to attend the graduating exercises of the school there tonight, their nieces, Misses Irene and Marie Burks being members of the graduating class.

## Back From Florida.

Mrs. Laura Beal and daughters, Misses Allie and Bertha Beal, returned this week from their winter's stay at Miami, Fla. E. D. Orear, who also spent the winter at Punta Gorda, Fla., returned home with them.

## Court in Session.

The case of Elizabeth Growney vs. Joseph J. and Patrick J. O'Donnell, is being tried in circuit court Friday before Special Judge J. Woodson Peery of Albany. The case will probably be concluded this evening.

## Will Move Here.

W. F. Phares will leave Saturday night for Decatur, Ill., to visit his mother, Mrs. E. C. Phares, who will return with him to Maryville, where she will make her home.

Bert Mack went to St. Joseph to attend the opening of the base ball season of the Western league in that city today.

Charles Roach of Bedison placed a carload of cattle on the St. Joseph market Thursday.

## CHILDREN CAN HELP

NICKELS AND DIMITS WILL HELP TO SWELL THE FUND.

## MORE MONEY IS NEEDED

Committee is Still Working But Voluntary Contributions to Carl Wright Fund Are Asked For.

It will be necessary for many more people to donate to the fund to give Carl Wright the treatment that stands between him and death. The committee that has been soliciting money for this purpose has raised quite an amount, but not enough, as \$500 is needed to get treatment that will save the little boy's life.

As the business men of the city have donated liberally to the fund, it is now up to the general public to subscribe. If any one desires to donate they can telephone or send in the amount they wish to give to The Democrat-Forum, or E. E. Williams or W. F. Phares, who are on the committee.

It is necessary to have the full amount raised before the treatment will be given. The physician, Dr. Wm. Wallis, Jr., and Dr. C. T. Bell are to donate their services and the hospital is reducing the cost of care to the lowest point.

It is now up to the general public. Any amount will be appreciated.

Boys and girls, have you not some nickels and dimes in your banks that you could easily spare to help cure a boy who cannot run and play as you do, and will not even have a chance to live and grow up strong and well as you are growing unless he has this treatment. It is his only chance.

Give what you can. If it is only a nickel, do not be ashamed to give it, for it will be one of the little things that will help make the big sum of \$500 that must be raised.

## PASS EIGHT DOLLAR MARK.

Highest Price for Hogs Established Since January, 1911.

For the first time since January, 1911, hog prices Thursday passed the \$8 mark. While the range of prices for hogs sold on the Kansas City market is higher than at some other smaller markets where an occasional choice load has sold higher than this, the top at Kansas City has been simmering around \$8 till today, when sales were made at \$8.65.

The runs recently have brought in some very choice hogs, in some cases better than those sold Thursday at \$8.65. The prices have merely advanced steadily.

When hog prices rose high enough to make a car load bring \$1,000 a few months ago, hope was expressed by old traders that when they could pay \$6 per 100 pounds for hogs in the country, they could begin to do business, as farmers had set that as a mark where they would begin to part with their hogs. Long ago that price has been passed in the country, and now car loads of hogs good enough to bring \$1,500 are marketed every day.

## CANDIDATES FILING.

Amos Sprecher for Treasurer and Martin Borrusch for Sheriff.

Amos Sprecher filed his declaration with County Clerk Demott Friday as a candidate for the Democratic nomination for county treasurer. Mr. Sprecher is a good man and is fitted for the office he seeks.

Martin Borrusch filed his declaration for the Republican nomination for sheriff. There are three candidates filed for this office on the Republican ticket—John Wallace, F. P. Reuillard and Mr. Borrusch.

## On Visit in Kansas.

Mrs. David Munn and son left Thursday evening for Wellington, Kan., to visit her sister, Mrs. John Frankum. Mr. Munn accompanied them as far as Kansas City. They will not go to Hot Springs, Ark., where they have decided to locate, until Mr. Munn has recovered sufficiently for his work as traveling salesman.

Mrs. James Middleton of Tarkio arrived in Maryville Thursday night for a visit with relatives here until after Sunday.

## THE WEATHER

Unsettled weather with probably showers tonight or Saturday.

## Sporting Goods

Bats, Balls, Mitts, Gloves and Masks. Headquarters for the famous

Spalding Line

#### Announcement.

I wish to announce that I will be a candidate for county treasurer on the Democratic ticket, subject to the primary election in August.

SAMUEL H. WILLIAMS.

#### Announcement.

We are authorized to announce Luke P. Colvin as a candidate for sheriff, subject to the decision of the Democratic voters at the August primary.

Miss Edith V. Neal, a State Normal student, went to her home near Pickering Friday to visit over Sunday with home folks.

Miss Frances Nagle of Lenox, Ia., who has been visiting Mrs. J. C. Growney since Saturday, returned home Friday noon.

Miss Golda Roelofson is recovering from a several days' illness and will be able to return to school next week.

Miss Audrey Howendobler went to St. Joseph Friday morning to visit until Sunday with Mrs. Charles Awaft.

Ed Younger, a State Normal student, went to King City Friday to visit over Sunday with home folks.

Mrs. G. C. Trusty and Mrs. Pearl Jones of Burlington Junction were Maryville visitors Friday.

S. A. Clark, editor of the Republican at Carrollton, Mo., was in Maryville Thursday night.

Mr. and Mrs. Richard Kuchs returned Thursday from a week's visit in St. Joseph.

Mr. and Mrs. Matt Guinn of Bedison were business visitors in Maryville Thursday.

Miss Gretchen Cranor went to Albany Friday to visit over Sunday with her parents.

## FRECKLES

New Drug That Quickly Removes These Homely Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as a new drug, othine—double strength, has been discovered that positively removes these homely spots.

Simply get one ounce of othine—double strength, from any first class druggist and apply a little of it at night, and in the morning you will see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

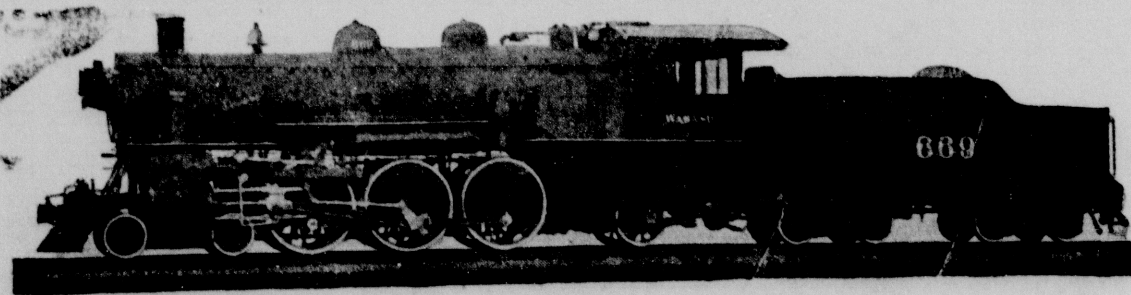

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

## The Wabash Receives New Passenger and Freight Engines

Pacific Type of New Wabash Passenger Engine

The Wabash Railroad has just received and put in service a large number of new locomotives for freight and passenger service; also placed another order for additional motive power for early delivery.

The passenger engines are of the Pacific type in the latest model of high grade passenger locomotive, with 21 by 26 inch cylinders, weight 400,000 lbs., boiler pressure 200 lbs., and tractive power 35,360 lbs. The tender has a capacity for 15 tons of coal and 8,000 gallons of water. These engines are capable of hauling the heaviest passenger trains. In designing them, special attention has been given to starting a train and getting it up to the maximum speed quickly, which insures a smooth, even run—so desirable to transportation.

The freight engines are known as the Mikado type, which is the last word in motive power. Particular attention has been given to lessening the consumption of fuel, thus enabling the engines to make long runs for coal and water, avoiding the necessity for frequent stops. They have cylinders 25 by 30 inches, weigh 421,000 lbs., boiler pressure 200 lbs., and tractive power 49,800 lbs. The capacity of the tender is 15 tons of coal and 8,000 gallons of water. Although they have been in service but a short time, they have shown surprising results in both efficiency and economy of operation.

### News of Society and Womens' Clubs

#### Tuesday Evening Dinner.

Mr. and Mrs. L. A. Denny were Tuesday evening's dinner guests of Mr. and Mrs. G. B. Roseberry.

#### To Give Operetta Tonight.

The Ladies' Aid society of the M. E. church at Parnell will present "The Feasts of the Little Lattens," an operetta, at the opera house Friday night.

#### Surprise Miss Blatter.

Miss Anna Blatter, who leaves this evening for Granite City, Mo., a suburb of St. Louis, and her guest, Miss Tillie Quast, were pleasantly surprised Thursday night by a number of their friends, who gathered at Miss Blatter's home and spent the evening with games and music. The guests took a luncheon with them, which was served at the close of the evening. Those present were Misses Agatha and Bertha Kirch, Katie and Theresa Yehle, Mary Herrick, Mamie Linneman, Anna McNellis, Mary Schafer, Anna Brant and Mrs. William Reiffenrath. Miss Blatter goes to Granite City to nurse in the hospital there.

#### DEATH OF MR. WILLIAMS.

Passed Away Friday Morning—Was an Old Pioneer Resident of County.

Richard B. Williams, pioneer resident, living five and a half miles south of Maryville, died Friday afternoon about 10 o'clock, after a long illness.

#### To See New Grandson.

Mrs. J. P. Norris went to Barnard Thursday evening to visit her daughter, Mrs. Charles Dane, and to see her new grandson, that came Thursday morning to Mr. and Mrs. Dane.

#### Her Sister in Hospital.

Mrs. J. D. Montgomery went to St. Joseph Thursday evening to visit her sister-in-law, Mrs. William Albright of Skidmore, who is a patient in the Sisters' hospital of that city.

#### Fleming Able to Be Out.

Pierce Fleming of Graham, who was so seriously burned in the fire which destroyed his home on February 3, has so far recovered as to be able to get out of doors now.

#### Spent Afternoon With Sister.

Miss Lisa Brown of St. Joseph visited in Maryville Friday afternoon with her sister, Miss Lena Brown, stenographer for Shinabargar, Blagg & Ellison.

#### Attending Meeting at Hopkins.

Rev. Lee Harrel went to Hopkins Friday noon to attend the evangelistic services being held at the Baptist church at that place.

Mrs. W. N. Morgan returned to her home at Parnell Friday, after attending the high school commencement at Pickering, where her niece, Miss Rachel Watson, was graduated.

Mrs. Sherman Reynolds and son and her mother, Mrs. Isaac Gill, went to Athelston, Ia., Friday to see Mrs. Gill's brother, who is lying at the point of death.

Mrs. Tena Combs and her daughter, Mrs. May Spoonemore, of Hopkins came to Maryville Thursday evening to visit their daughter and sister, Mrs. Fred Norris.

Mr. and Mrs. W. G. Greenelsh and children returned Friday from a visit at Burlington Junction with Mr. Greenelsh's mother, Mrs. James Greenelsh.

Mrs. Bert Wray went to Stanberry Friday on business.

The talk of the town—the silent running Jackson automobile just received at Barmann & Wolfert's.

## TITANIC DEATH

LIST IS 1,601

One Died in Lifeboat and Five on Carpathia.

### LINER'S SIDE LAID WIDE OPEN

Brave Captain, Twice Washed From Bridge, Stood at His Post as Vessel Went to the Bottom.

New York, April 19.—The total death list of the Titanic disaster is 1,601.

The great liner went down with her band playing, taking with her to death all except 745 of her human cargo of 2,340 souls. To that death list six persons were added.

One died in a lifeboat which was put off from the liner's side, and five subsequently succumbed on the rescue ship Carpathia.

The list of prominent men missing stands as previously reported.

Survivors in the lifeboats huddled in the darkness at a safe distance from the stricken ship and saw her go down.

Ripped from stem to engine room by the great mass of ice she struck amidships, the Titanic's side was laid open as if by a gigantic can opener. She quickly listed to starboard and a shower of ice fell onto the forecastle deck. Shortly before she sank she broke in two abaft the engine room, and as she disappeared beneath the water the explosion of air caused two explosions which were plainly heard by the survivors adrift.

A moment more and the Titanic had gone to her doom with the fated hundreds grouped on the afterdeck.

Following is the account of Lawrence Beasley of London:

Jar Was Slight.

"I had been in my berth for about ten minutes when, at about 11:15 p. m., I felt a slight jar and then soon after a second one, but not sufficiently large to cause any anxiety. However, the engines stopped immediately afterwards.

"On going on deck I saw that there was an undoubted list downwards from stern to bows, but knowing nothing of what had happened, concluded some of the front compartments had filled and weighed her down. I went down again to put on warm clothing and as I dressed heard an order shouted.

"All passengers on deck with life belts on." We all walked slowly up with them tied on over our clothing, but even then presumed this was a wise precaution the captain was taking and that we should return in a short time and retire to bed. There was a total absence of panic or any expressions of alarm.

"But in a few moments we saw the covers lifted from the boats, and the crews allotted to them standing by and curling up the ropes which were to lower them by the pulley blocks into the water.

"We then began to realize the danger was more serious than had been supposed.

No Disorder or Panic.

"All this time there was no trace of any disorder, panic or rush to the boats and no scenes of women sobbing hysterically such as one generally pictures as happening at such times; everyone seemed to realize so slowly that there was imminent danger.

"One by one the boats were filled with women and children, lowered and rowed away into the night. Presently the word went around among the men: 'The men are to be put in boats on the starboard side.' I was on the port side and most of the men walked across the deck to see if this was so. I remained where I was and presently heard the call:

"Any more women?" Looking over the side of the ship I saw the boat swinging level with B deck, half full of women. Again the call was repeated.

"Any more women?"

"I saw none come on, and then one of the crew looked up and said:

"Any women on your deck, sir?"

"No," I replied.

"Then you had better jump."

"I dropped and fell in the bottom as they cried, 'Lower away.' As the boat began to descend two women were rushed hurriedly through the crowd and heaved over into the boat and a baby of ten months passed down after them.

Tilted Straight on End.

"Presently we observed the Titanic settling very rapidly with the bows and the bridge completely under water, and it was only a few minutes before she went down. She slowly tilted, straight on end with the stern vertically upwards and as she did, the lights in the cabins and saloons, which had not flickered for a moment since we left, died out, came on again for a single flash, and finally went altogether.

"And then there fell on the ear the most appalling noise that human beings ever listened to—the cries of hundreds of our fellow beings struggling in the icy cold water, crying for help with a cry that we knew could not be answered.

"Capt. Smith stood on the bridge until he was washed off by a wave. He swam back, stood on the bridge again and was there when the Titanic went to the bottom."

# Free Dust Caps SATURDAY As an opening feature of Little Polly Week

The first Six Ladies who buy Little Polly Brooms will be given Knit Dust Caps Free

Ask Your Grocer

## The LITTLE POLLY

broom always outlasts any ordinary broom two to one, and sweeps easier. The broom corn is selected from the flower of each season's crop for feather-lightness, toughness and uniformity. The handles are several ounces lighter than those of any ordinary broom.

nary broom, and will not stick to your hands because of the improved finish used only on the Little Polly.

Every Little Polly is as good as the first and seems better than the last. Used once you could never get along with any other make.

You may think now that brooms are all alike. Use one Little Polly and you'll know different.

### Name On Every Broom

The name Little Polly is printed lengthwise of the handle on every broom. Look for it. Take no other. You can't get a better broom for your money, whatever you pay, and it is not economy to pay less.

### Here's the Whisk Broom That We Give You Free

Don't forget to write for the Booklet telling about it and the Broom-Dusting Bag.

Most grocers sell Little Polly Brooms.

If you don't, send us money order for 60 cents—the regular retail price—for a Little Polly Broom, express prepaid. Write for the booklet now.

## ORPHANS—FOR ALICE.

"Our Teddy" has given us a mint of advice.  
Spite of which we do not hear him malice;  
His third term opinion's original, quite!  
He has hoodooed the hut and the palace.

'Tis strange that his daughter don't heed his advice.

Her heart must be awfully callous. Perhaps it is caused by "cut glass on the heel;"

(A fad that's original with Alice.)

"Our Teddy" thinks the women are indolent shirks

If they have not a baker's half dozen

Of children to care for the home's incomplete;

Why don't he at Alice be fussin'?

She's been married now for eight year or more,

Theo, Junior, has heeded his father. Alice might get some orphans, the asylums are full;

Perhaps she's afraid they'd be bother.

She'd have servants to wait on the children, I think;

Perhaps they would not much trouble;

She'd not have to work for their board and their keep,

Or bend o'er the wash tub till double.

I think Nick could keep five or six very well.

He needn't build each one a palace. Just a plain brown stone front might do you young Ted—

(They won't all be strenuous, Alice!)

So, Alice, get busy, election's most here,

And dearly your pa loves the people. Get six orphan babies, call one Booker Black,

And you'll sit neath the great White House steeple.

And maybe they'll give you a crown of pure gold.

And present you a diamond chalice! So if you'd be helping "Our Teddy" (your pa),

Pray heed my advice, Princess Alice!

—TILLIE RHODES RUSSELL, Hopkins, Mo.

## IT GROWS HAIR.

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet requisite, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store.

The Orear-Henry Drug Co., 113 North Main street.

Mrs. Dan Holmes returned Thursday evening from a two weeks' visit with her parents, Mr. and Mrs. M. C. Bean, at Cleston, Ia.

## A WORD WITH WOMEN.

Valuable Advice for Maryville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." When the kidneys get congested and inflamed, there are many such aches and pains and the whole body suffers.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. They can't get well alone.

Doan's Kidney Pills have brought sound backs and new life and strength to thousands of suffering women. They are endorsed right in this locality. Read this woman's convincing statement:

Mrs. Martha Partridge, 801 East Fourth street, Maryville, Mo., says: "It was seven years ago when I suffered from kidney and bladder complaint, and my trouble made me weak and nervous. I used Doan's Kidney Pills and received relief. I procured them at Love's drug store (now Love & Gaugh's drug store), and cannot say too much in their praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

Mrs. J. Slater, who has been visiting her father, Marion Gill, for six weeks, returned to her home in St. Joseph Thursday evening.

## ZEMO FOR YOUR SKIN.

Eczema, Pimples, Rash and All Skin Afflictions Quickly Healed.

No matter what the trouble, eczema, chafing, pimples, salt rheum, Zemo instantly stops irritation. The cure comes quick. Sinks right in, leaving no trace. Zemo is a vanishing liquid. Your skin fairly revels with delight the moment Zemo is applied. Greatest thing on earth for dandruff. Zemo is prepared by E. W. Rose Medicine Co., St. Louis, Mo., and is sold by all druggists at \$1 a bottle. But to prove to you its wonderful value it is now put up in liberal size trial bottles at only 25 cents and is guaranteed to do the work or your money back. Sold at Love & Gaugh's drug store.

Mr. H. F. Leet and daughter went to St. Joseph Friday morning to spend the day.

## Lovely Hair for Girls and Boys.

The man who is bald at 30 can usually blame his mother.

It is a mother's duty to look after her children's hair; to be sure that a dressing is used that will destroy the microbes of disease, will banish dandruff and promote a growth of hair.

Mothers who use Parisian Sage need never worry about having bald-headed sons at 30 or girls with faded, coarse looking hair at any age.

For the Koch Pharmacy knows Parisian Sage so well that they guarantee it to abolish dandruff; to stop itching scalp and falling hair, or money back.

And children as well as their parents love to use Parisian Sage, for it is so refined and pleasant and makes the head feel fine instantly. 50 cents.

## SURVIVORS TELL STORY OF HORROR

Carpathia Arrives With Passengers Rescued From Titanic.

## DISASTER DROVE SOME INSANE

Report Ship Was Going Fast When She Struck—Statement Issued Without Signatures by Committee of Passengers.

New York, April 19.—The early arrival of the Carpathia at quarantine surprised even the customs officials. Five hundred friends and relatives had gathered inside the pier sheds at 8.30 o'clock.

The relatives arranged themselves in the alphabetical sections so there would be no confusion. The customs men were instructed to direct the survivors to proceed to the sections. The arrangements were perfect to avoid confusion.

When the news came that the Carpathia had passed the Battery, there was an air of expectancy, but no one moved from the places assigned them.

Great bundles of blankets and stretchers were carried to the gangway entrances while the doctors and ambulance attendants grouped themselves ready to go aboard as soon as the lines were made fast.

A committee from the New York Stock exchange went to the pier shortly before the Carpathia arrived, bringing \$20,000 in cash to be distributed among those most in need of assistance.

This money was raised on the exchange by popular subscription and brought to the pier in an oblong box.

As the liner gradually warped into her berth, the wildest reports were passed back and forth among the great crowd.

Captain Smith was at first reported to have shot himself on the bridge and the chief engineer likewise committed suicide and three Italians were shot to death in the struggle for the lifeboats.

## Women First to Leave.

Three women were first to leave. They did not wait for the boat to stop but climbed down the ladders.

After the women came a sailor. He was followed by a man in a big brown raincoat and a soft hat. He was followed by a woman who looked around as if startled.

Then followed three other women. They went into the freight elevator to be lowered to the street.

It was plain from the appearance of the survivors that they had lost their clothing and had been fitted out by the Carpathia's passengers. Clothes did not fit and many instances women wore sweaters. One wore an opera hat.

Two men and women, apparently violently insane, were carried from the steamer, while there were scores of women in a state of coma and plainly mentally unsettled.

## Survivor Charges Carelessness.

C. H. Stengle, one of the first passengers off the vessel, said that the collision of the Titanic with the iceberg was the result of "criminal carelessness."

"The ship was going 22 knots an hour when she struck," he exclaimed. Stengle said that the impact was so terrific that great blocks of ice were thrown on the deck and a number of persons were killed when these blocks slid across the decks.

The stern rose in the air. People ran shrieking from below. Women and children immediately rushed to the deck.

As fast as possible they were lowered away to the sea. Sailors took the women and hurled them bodily into the boats, tearing them away from their husbands to whom they were clinging.

## Statement of Committee.

This statement by a committee of survivors was given to the press on the arrival of the Carpathia:

"We, the undersigned surviving passengers from the steamship Titanic, in order to forestall any sensational or exaggerated statements, deem it our duty to give to the press a statement of facts which have come to our knowledge and which we believe to be true.

"On Sunday, April 14, 1912, at about 11:40 p. m., on a cold starlight night, in a smooth sea and with no moon, the ship struck an iceberg which had been reported to the bridge by lookouts, but not early enough to avoid collision.

"Steps were taken to ascertain the damage and save passengers and ship. Orders were given to put on life belts and the boats were lowered.

"The ship sank at about 2:20 a. m. Monday, and the usual distress signals were sent out by wireless and rockets at intervals from the ship."

Fortunately the wireless message was received by the Cunard's Carpathia at about 12 o'clock midnight and she arrived on the scene of the disaster at about 4 a. m. Monday.

The officers and crew of the steamship Carpathia had been preparing all night for the rescue and comfort of the survivors.

"We feel it our duty to call the attention of the public to what we consider the inadequate supply of life saving appliances provided for on modern passenger steamships. The following facts were observed and

should be considered in this connection:

"The insufficiency of lifeboats, rafts, etc.; lack of trained seamen to man same (stokers, stewards, etc., are not efficient boat handlers); not enough officers to carry out emergency orders on the bridge or to superintend the launching and control of lifeboats; absence of searchlights."

The statement was signed by Samuel Goldenberg, chairman and twenty-five passengers.

Stengel said that 1,500 men leaped into the sea when they saw that there was no chance for them on the boats. "How they died I do not know. I caught a lifeboat by the gunwale after I had jumped into the ocean. I was dragged on board."

"There were not enough sailors in the lifeboats to operate them and the women were compelled to pull oars themselves. Some of these women, working at the oars, could be heard shrieking the names of their husbands," continued Stengel.

## Sea Was Calm

Mrs. Andrews of Hudson, N. Y., said the crash came at 11:35 and they got off in the boats at 12:15. The Titanic sank about 2 a. m. She got on board the Carpathia at 8:30 a. m. The sea was very calm, but became rough after that hour.

"We did not see the Carpathia until daylight and we did not know whether we were to be rescued or not. Many of the women are insane."

Mrs. Andrews wore only her night-dress and she said that the agony of six hours at sea in the boat, not knowing whether they would be saved, was beyond her power of description.

Miss Bonnell of Youngstown, O., said that the steamer was booming along at the usual rate of speed when the wreck occurred. She dictated the following statement to the United Press:

"Shortly before midnight Sunday night the Titanic was plowing through the ice fields at about its usual rate of speed. A large proportion of its passengers were asleep."

"As near as I can tell, about 11:30, the bottom of its bow drove into a large iceberg. Many of the lower plates of the hull were torn asunder. The water rushed in and the boat immediately began to sink by the bow."

The men certainly showed splendid heroism. There was no panic among the steerage or second class passengers, but the men among the first cabin passengers flew into a rage.

"I heard several shots fired and I was informed that the manager of the boat had fired them at men who crowded women out of the lifeboats."

## Ismy Jumped Into Boat

E. Z. Taylor of Philadelphia, one of the Titanic survivors, said through the United Press that J. Bruce Ismy, chairman of the White Star line board, jumped into the third lifeboat that was to be launched.

He gave up his seat in this boat to a woman with a baby. Ismy then jumped in the next boat to be launched, saying he was going to man and have charge of that boat.

A passenger on the Carpathia made the following statement:

"I was awakened at about 12:30 at night by a commotion on the decks which seemed unusual, but there was no excitement."

"I went to the deck. The Carpathia had changed her course. Lifeboats were sighted and began to arrive—and soon, one by one, they drew up to our side."

"There were 16 in all and the transferring of the passengers was most pitiable. The adults were assisted in climbing the rope ladders by ropes adjusted to their waists."

The little children and babies were hoisted to the deck in bags. Some of the boats were crowded, a few were not half full. This I could not understand. Some people were in full evening dress. Others were in their night clothes and were wrapped in blankets.

"Those with immigrants in all sorts of shapes were hurried into the saloon for a hot breakfast. They had been in the open boats for four and five hours in the most biting air I ever experienced."

"There were husbands without wives, wives without husbands, parents without children and children without parents. But there was no demonstration. No sobs—scarcely a word spoken. They seemed to be stunned."

"Immediately after breakfast divine services was held in the saloon. One woman died in the lifeboat, three others died soon after reaching our deck."

## Officer Killed Himself

Quartermaster Moody of the Titanic said that First Officer Wilde of the Titanic, who was on the bridge when the vessel struck the berg, killed himself.

He said that Wilde drew his revolver and shot himself as soon as he realized that the ship had struck.

"We were running fully 23 knots an hour," said Moody, "when we hit. We encountered a sudden haze, probably coming from the great iceberg, and we could hardly have been more than one or two lengths into it when we hit."

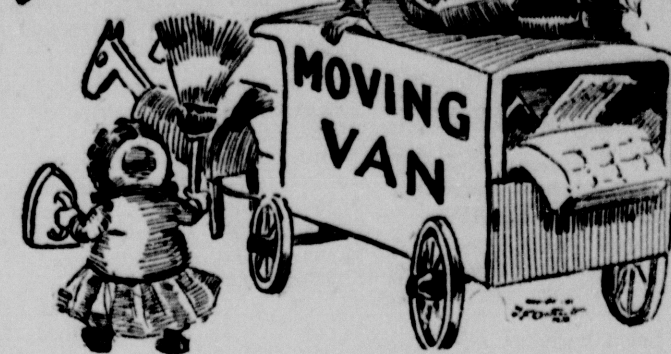

We struck the 'growler' first, and the Titanic simply went over it and broke her back. There was no chance for the compartment doors to close."

Charles W. Daniels of Philadelphia said:

"The men behaved bravely. Maj. Butt took charge of one section of the ship in placing the women in the lifeboats."

"Howard Case was another hero. He installed a system to get the women off. And he saw that the system was followed. I think he was the big hero of the disaster."

Whether you move or not, don't you need new furniture?

## House Cleaning

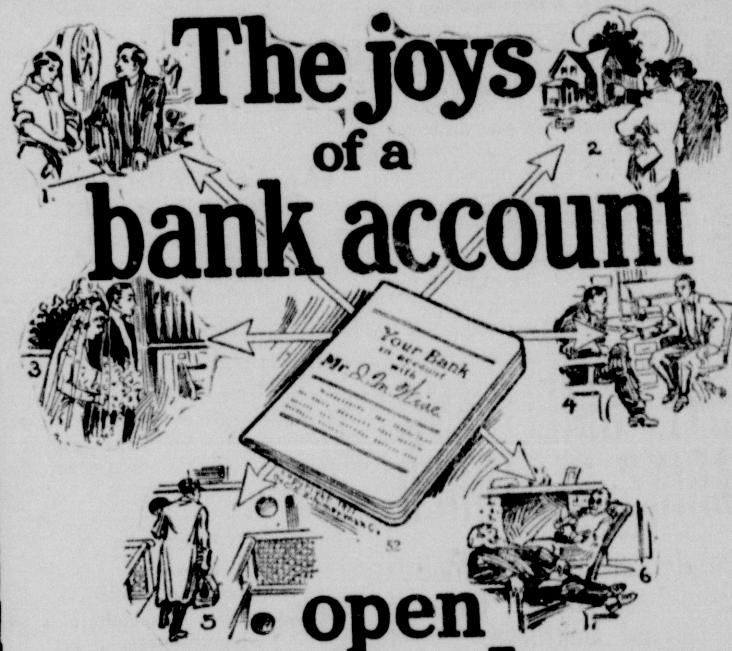

And Then Some New Furniture

to Brighten up the House is next in order.

## TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy Quickly Relieves Catarrhal Deafness.

The thousands who suffer the miseries of colds and catarrh and claim they have never found a cure can get instant relief by simply anointing the nostrils with Ely's Cream Balm.

Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste, smell and improves the hearing. More than this, it strengthens the weakened and diseased tissue, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50 cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

Mothers should give the children Ely's Cream Balm for colds and croup. It is perfectly harmless, and pleasant to take.

Let us have a look at your Eyes

You may be having trouble that is caused from eye strain.

Our thorough routine examination with Mediaometer and trial case enable us to obtain results that make the use of glasses a pleasure.

All work guaranteed.

### Was in the City.

Rev. C. H. Owens, pastor of the Baptist church at Clearmont, and also editor of the Clearmont Ledger, was in Maryville Friday.

### INDIGESTION

Causes Dizziness, Nervousness, Biliousness, Sick Headache and Sleeplessness.

You know that most of the ailments named above come from an out of order stomach.

When your food reaches the stomach it should digest and furnish nutritious matter to the blood.

It doesn't digest, but lays heavily on your stomach, it has started to ferment.

When it ferments it sets loose in the stomach poisonous gases which irritate the great pneumogastric nerve that leads directly from the brain to the stomach.

That irritation causes heartburn, dizziness, night sweats, nervousness, and other ailments.

Mi-o-na is guaranteed to end all stomach misery or money back. Fifty cents at the O'ear-Henry Drug Co. and druggists everywhere.

Mrs. S. R. Johnson and little daughter and Miss Anna Lee Foster of Elmo were in the city shopping Friday.

### Penslar Remedies

#### Penslar Appetizing Tonic

The principle on which the action of a tonic depends is that it stimulates the appetite and increases the digestive power, so that gain in bodily weight is the result. The active constituents of Penslar Appetizing Tonic are those which have been found most effective in increasing the appetite and aiding digestion. It may be depended upon in conditions of lowered vitality from any cause and is especially useful during convalescence or in cases where the vital forces show a lack of tone. Price \$1. Sold only at

## COMMITTEE WILL QUESTION ISMAY

White Star Manager at First Reported Under Doctor's Care.

### FINALLY CONSENTS TO TESTIFY

Had Intended to Leave for England Immediately—Senate Investigation of Disaster Will be Pressed Vigorously.

New York, April 19.—J. Bruce Ismay promised the senate committee to investigate the Titanic disaster that he will testify at the first hearing by the committee at the Waldorf Astoria.

Chairman William Alden Smith of Michigan and Senator Newlands of Nevada, the two members of the committee who came from Washington to New York to meet the Carpathia at the dock, obtained this promise from the general manager of the International Mercantile Marine. They arrived at the dock from their train just as the first passengers were landing. Forcing their way on board the ship they at last located Vice President Franklin.

At first they were told that Mr. Ismay was under a doctor's care and not until the senators had informed Mr. Franklin what they desired to ask were they admitted to Mr. Ismay's quarters. After 20 minutes the two senators left the steamer, announcing that Mr. Ismay had consented to appear at the inquiry.

#### Ismay Anxious to Sail.

Mr. Ismay, after his interview with Senator Smith, said he was desirous of sailing on the Carpathia in the afternoon. Carpathia is scheduled to sail at 4 o'clock. Mr. Ismay assured the senators, however, that he would make a complete statement of the catastrophe and that if he could not finish in time for the sailing he would change his plans.

Secretary Nagel, Supervising Inspector General Usher of the steamboat inspection service, Sergeant-at-Arms Ransdell of the senate and his assistants accompanied the senators with a party of others, who went to meet friends or relatives aboard the Carpathia. Mrs. Champ Clark and Miss Genevieve Clark, Representatives Levy and Goldfogle of New York and other members of the house were among them.

Chairman Smith said he expected the investigation would immediately be proceeded with and pressed vigorously.

The Titanic had never cleared from an American port, but the investigation is designed to show the extent to which liners adhere to American safety regulations.

#### British Inquiry, Also.

London, April 12.—A searching inquiry into matters concerning the catastrophe to the Titanic, pertaining to their respective departments, was promised in the house of commons early in the afternoon by both Sidney Buxton, president of the board of trade, and Herbert L. Samuel, postmaster general.

The postmaster general said that he had already taken up the subject of the false reports which had been published.

### FIRST RANGE CATTLE ARRIVING

Texas and Western Stock Coming in Trainloads to Big Kansas Grazing District.

Cottonwood Falls, Kan., April 19.—The first large shipments of Texas and Western cattle which will be pastured in the big grazing district around Bazaar and Matfield this season have just arrived at Bazaar.

Three trainloads of stock, consisting of 49 cars were unloaded and a fourth trainload is due.

As grass is still too short to afford stock sufficient grazing, it will be necessary to put all early shipments on a ration of cotton cake or other kinds of feed.

### ILLINOIS HAS APRIL BLIZZARD

Snow Fell in Chicago Through the Night and Nearly all Day—No Crop Damage.

Chicago, April 19.—An April blizzard that extended from Nebraska to Chicago is raging here. Snow fell in Chicago most of the night and nearly all day.

Snow fell in Nebraska and Iowa and the northern part of Illinois.

The snow in this section melted almost as fast as it fell, although the ground was covered heavily enough to be perceptibly white. It is reported that no damage to crops has been done.

## CLEARMONT CLASS

COMMENCEMENT HELD THURSDAY EVE AT THAT PLACE.

## TALK BY PROF. EMBERSON

On "Rural Life Problem"—Our Rural Schools Should Be Made Better.

The commencement exercises of the Clearmont high school were held Thursday night at the M. E. church in Clearmont. There were four graduates in the class, being Hazel M. Wallace, Agnes E. Garrett, Hazel Broyles and Homer Hoekman.

The exercises opened with an instrumental number by Mrs. Mollie Newlon, followed by invocation by Rev. Wiley. The high school quartet gave a song. A solo by Blanche Wallace was given, followed by an address by Prof. R. H. Emberson. The diplomas were presented to the class. Prof. John E. Rush is principal of the Clearmont high school.

Prof. Emberson, in his address to the class, took for his subject "The Rural Life Problem." Mr. Emberson was formerly connected with the Maryville Normal, but is now connected with the rural education department of the state university at Columbia. His address as given follows:

There are two distinct modes of life, one known as city or urban life, the other as country or rural life.

The problem of the city is congestion, while that of the country is isolation. The cities have been studying their social problems for a long time; they are endeavoring to establish parks, night schools, continuation schools, free music and lectures and other wholesome things for the poor classes.

The country life problem is engaging the attention of the best men and women in the country. How to check the stream that is constantly flowing from the country into the cities, how to hold the best families on the farms, how to make country life more enjoyable and satisfying is an unsolved problem.

The first thing that should engage the attention is the rural school. In the great educational advancement of the last twenty years the rural school is the one institution that has lagged behind.

There should be a reconstruction of the course of study to suit the life and environment of the country child. He should be educated in the terms of his experience. The work in geography should begin with the home district, making a study of the physical features, soils and products, then make a similar study of the county, state and United States.

The rural schools need larger and better equipment. In many instances the schools are so small that there is no interest or pride taken in its work. To remedy this, there should be a consolidation of several school districts, by which means it would be possible to grade the children properly, and to provide good high school advantages. This would give country children equal opportunities with those of the city, and at the same time they would enjoy the advantage of being at home. Missouri is the one state in the Mississippi valley that has done the least along this line.

The rural school should be more of a social center. It should be a place for the community to meet for literary, musical and other meetings. Here should be discussed all questions that pertain to the improvement of the community as a whole, as better schools, better roads, better church advantages, improvement of seed, care

of orchards, maintaining the fertility of the soil, improvement of live stock and more home conveniences. The school should be a place for the dissemination of good literature—books, magazines, bulletins and papers which should be read in school and in every farm home.

The time has come when country people should not be contented with a cheap school; they need to spend more money and to spend it wisely. The very best teachers should be employed and they should be kept for several years. The frequent change of teachers, together with the custom of employing young, inexperienced teachers, has had much to do in keeping the country schools in their backward condition.

Every movement which has as its aim the welfare of the people has been resisted. The movement for the improvement of the country schools is going to take time, patience and consecration, but it is a work in which all people, whether living in city or country, should be interested.

### CONCERT PROGRAM.

To Be Given by Normal Quartet, Assisted by Mrs. F. P. Robinson at High School Tonight.

The following is the program to be given this Friday evening at the high school by the Normal Male Quartet, assisted by Mrs. F. P. Robinson, under the auspices of the senior class:

Mr. Landon.

Solo—I Dreamed I Dwelt..... Balfe  
Mrs. Robinson.  
Quartet—Love's Old Sweet Song..... Malloy

### DIED IN THE ASYLUM.

J. T. Snodderly, Who Was Sent to the Asylum at St. Joseph, Died Thursday Night.

County Clerk Demott received word Friday morning that J. T. Snodderly, who had been sent to that institution from this county, had died there Thursday night, and wanted to know what to do with the body. Snodderly was sent there as a county patient on July 11, 1909, having been before that in the county home. A nephew, Otis Snodderly of near Elmo, survives.

### Will Come After Dean.

Sheriff Tison received word Friday morning that the sheriff at Newton, Kan., would be in Maryville Friday night for J. A. Dean, who is wanted at that place on a charge of obtaining goods under false pretenses. Dean was arrested Thursday by Deputy Sheriff Evans. He has been working for Elmer Fraser on his farm, east of town.

### Spent Afternoon at Bedford.

Mr. and Mrs. M. S. Moore went to Bedford, Ia., Friday. Mrs. Moore spent the afternoon with her sister, Mrs. Edward Owens, who is the county superintendent of schools for Taylor county. Mrs. Owens is quite well known to educators of Nodaway county, and is better known as Miss Della Griffith.

### Was in Town.

T. A. Carver, editor of the Courier at Conception Junction, was in the city Friday on business. Mr. Carver says that the Great Western is to add four more stalls to their roundhouse at that place, and also make other improvements.

### Rev. Miller to Darlington.

Rev. and Mrs. Claude J. Miller went to Darlington Friday forenoon, where Rev. Miller will deliver the commencement address before the high school graduates Friday night.

Latest post cards, 1 cent each at Crane's.

## BOOM FOR PIERCE

FOR REPUBLICAN NATIONAL COMMITTEEMAN.

## STANDS A GOOD SHOW

As He Would Be Supported by the Roosevelt Men—Not After the Place.

A boom has been started for W. C. Pierce of this city for national committeeman of the Republican party from Missouri. This is what the Thursday's News-Press had to say about it:

Taking advantage of the temporary absence of W. C. Pierce, who has gone to California to join his family, friends of the Maryville banker have started a movement to make him the Republican national committeeman for Missouri. His wishes in the matter were not consulted, but it is believed that he will not refuse to become a candidate should the Third, Fourth and Fifth district delegations show a disposition to support him in the state convention.

The present national committeeman for Missouri is Charles A. Nagel of St. Louis, a member of President Taft's cabinet, and, of course, a strong Taft supporter. On account of his official connection with the administration, however, he will not be a candidate for re-election, and it is said that the Taft Republicans of the state will put forward Otto Steifel, the St. Louis brewer, to succeed him.

It is predicted that the most accurate gauge of strength of the two factions in the convention will come when the vote is called on the election of national committeeman. Jesse A. Toller, state game warden, and president of the Missouri Roosevelt Republican association, has been regarded as the Roosevelt candidate for committeeman. However, much will depend on Governor Hadley's wishes, and it is said by those who profess to know that Pierce is quite as close to the governor as Toller is, and quite as likely to get the executive endorsement.

There probably will be no quarrel between Pierce and Toller, as neither especially covets the honor, it is said. Friends of both say that all differences on this score will be fought out in caucus before the convention convenes, and that the Roosevelt contingent will be solidly united for one or the other.

The national committeeman issue is one of those to be fought out in caucus at St. Louis Wednesday, the day before the convention meets.

### Arrived From Denver.

Miss Mollie Jones and her mother, Mrs. W. R. Jones, of Denver, Col., and Mrs. Jones' granddaughter, Mrs. Lucille Newman of Somerset, Va., arrived in Maryville Friday noon for a two weeks' visit with relatives and friends in this city. They are at the Linville hotel.

### Superintendent Wickizer Here.

Superintendent Wickizer of the Bethany, Mo., schools was in Maryville Friday morning on his way to Pickering, where he will deliver the commencement address to the graduating class of the high school of that town Friday evening.

### On Way to Texas.

Mrs. A. R. Adkins and daughter, Miss Kathleen, of Kent, Ia., were in the city Friday on their way to Gallatin, Mo., for a short visit with relatives. They will then go to Mission, Texas, to make their home, where Mr. Adkins now is.

### Judge McGottigan Here.

Judge Mike McGottigan of Clearmont was in the city Friday. He had been down to Barnard to visit Judge James H. Campbell, who is very sick. Judge McGottigan and Judge Campbell were associated together as members of the county court.

### Called Home by Death.

Miss Ruth Montgomery arrived home Friday morning from Chicago, where she is attending Northwestern university, called by the death of her sister-in-law, Mrs. R. B. Montgomery.

### Back From Florida.

Mr. and Mrs. S. H. Townsend returned Thursday from St. Petersburg, Fla., where they spent the winter.

Mrs. C. A. Childs and son of St. Joseph arrived Thursday for a visit with her sister, Mrs. M. A. Peery, and family.

## DIED THIS MORNING

MRS. R. B. MONTGOMERY PASSED AWAY AT 12:15 A. M.

## FUNERAL TO BE SUNDAY

At Montgomery Home—Burial in Miriam Cemetery—Had Been Sick Since December.

Mrs. R. Bruce Montgomery passed away Thursday night at 12:15 o'clock at the home of her parents-in-law, Mr. and Mrs. J. F. Montgomery, after many weeks of excruciating suffering that was borne with heroic fortitude. Mrs. Montgomery was taken ill the second week in December with appendicitis, but her sickness was not regarded serious until some time after the first operation, when complications set in that called for the best medical skill and nursing to meet. She was given the best care that could be bestowed by St. Francis hospital and her family, and at times it seemed that she might be able to overcome the many things that came up in her case against her, but four days ago another operation was found necessary, which was performed Wednesday morning, but she was unable to rally from it, and she grew gradually weaker until death released her from all suffering.

The funeral services will be held at the Montgomery home Sunday afternoon at 2:30 o'clock, conducted by Rev. Dr. J. S. Ford of the First M. E. church. Interment in Miriam cemetery.

The women of the Twentieth Century club, of which Mrs. Montgomery was a member, are called by the secretary, Mrs. T. L. Wadley, to meet at the home of Miss Clara Sturm Sunday afternoon in time to start from that place at 2 o'clock, and proceed in a body to the Montgomery residence to attend the services. This is the first death that has occurred in the club, and the loss of one of its youngest members, whose life had promised so many years of usefulness, is a deep bereavement to the members.

Mrs. Montgomery's maiden name was Ola M. Geno. She was born at Pattonsburg, Mo., on the 26th day of November, 1886. She was graduated when quite young from the high school of her home town, and taught the year following. She then spent a year in Wesleyan university of Virginia. Returning to Missouri she alternated her studies at Kirksville normal with teaching in various places in Northwest Missouri, spending two years at the Northwest Normal at Maryville, where she secured a life certificate. The last two years she taught was as principal of the high school at Coffee, Mo.

On the 26th day of November, 1910, she was married to Mr. R. Bruce Montgomery of the Montgomery Shoe company of this city, while she was still holding the position of principal of the high school at Coffee. She had made many friends during her student days at the Normal, and when she came to Maryville to make her home she became at once a social favorite in church and club life. Though quiet and dignified in manner, she possessed a spirit of friendliness that made her a young woman of rare charm, and she was valued for her sweetness and purity of Christian character.

All through her illness she was never seen without a smile on her face, and when she was told Thursday afternoon that she could not live, a shadow of disappointment came across her face, only for a moment—for she had much to live for—then she said: "God knows best; His will be done." Then calling her husband and each member of the family to her bedside, one by one, she spoke comforting words of farewell and left messages for those of her family who were not able to reach her in time to receive them from her. She sank into unconsciousness at 8 o'clock and did not rally.

She is survived by her husband, her parents, Mr. and Mrs. W. J. Dix of Pattonsburg; two brothers, Robert and Mark, and a sister, Miss Letha, at home, and a sister, Mrs. Earl Cline of Gallatin.

Mrs. Montgomery was one of Maryville's strong, beautiful young women, and she leaves a memory that savors of all that is noble and good and true.

She was converted at the age of 13 years and became a member of the Methodist Episcopal church, and was an enthusiastic worker in all its departments. She was a member of the Twentieth Century club, the Sigma

Delta Chi sorority, and had been accepted for membership in the P. E. O. chapter, but her illness had prevented her initiation.

### SEED CORN TO BE TESTED.

More Than One-Fourth Planted in State Will Be Tested.

More than one-fourth of all the seed corn planted in Missouri this year will be tested, according to estimates made by the state board of agriculture. This is much more than ever before in the history of the state, but it is thought that the situation this year demanded the testing of practically all the seed, to insure a good corn crop.

"The farmers who do not test their seed are running the risk of having a small corn crop this year," said W. L. Nelson, assistant secretary of the board of agriculture. "More than 90 per cent of our correspondents report a scarcity of good seed corn. This makes it necessary for the farmer to test his corn to be sure of a satisfactory yield."

"Such a simple thing as testing one's seed corn ought not to be overlooked. Usually Missouri seed corn is good for planting, but this year is an exception. There was a long dry period of weather last summer and the development of corn was delayed. When growth was renewed with the coming of favorable weather, the corn was late in maturing and the early frosts prevented the ripening of much of it. The situation is the same practically throughout the middle west."

"Many farmers do not understand why it is so advantageous to test seed corn this year when it has not been in the past. The fact that much of the seed corn will not germinate because its vitality is destroyed is not the only reason. In Missouri the yield of corn per acre has been so greatly increased that good seed corn must be planted to keep up the average. We have much 'pedigreed corn' now. When wild steers were numerous in the west they did not need much attention. But our well bred cattle of today do, because they are a much improved animal. This is the case with our corn situation. Because we are raising better corn than formerly we have to be careful about keeping up the quality and bettering it when possible."

### FOUNTAIN TO BE RESET.

Work Will Commence Monday—Has Not Been in Running Order.

The national drinking fountain located at the intersection of Fourth and Market streets, given to Maryville by the National Humane society, is to be taken up and reset. The fountain has not been in running order for several months, owing to a leak in the pipe to the fountain.

Work will commence Monday on resetting the fountain by Felix Grundy and John Borrusch.

### Ravenwood Band to St. Joseph.

The Ravenwood band is to go to St. Joseph Saturday, where they will take part in the band contest at the opening of the base ball season in that city. Several bands have entered the contest, and, of course, Ravenwood thinks they will win. A large crowd of Ravenwood people will accompany the band.

### Will See Two Nieces Graduate.

Mr. and Mrs. I. J. Crossan went to Pickering Thursday noon to attend the graduating exercises of the school there tonight, their nieces, Misses Irene and Marie Barks being members of the graduating class.

### Back From Florida.

Mrs. Laura Beal and daughters, Misses Ailie and Bertha Beal, returned this week from their winter's stay at Miami, Fla. E. D. Orear, who also spent the winter at Punta Gorda, Fla., returned home with them.

### Court in Session.

The case of Elizabeth Gowney vs. Joseph J. and Patrick J. O'Donnell, is being tried in circuit court Friday before Special Judge J. Woodson Peery of Albany. The case will probably be concluded this evening.

### Will Move Here.

W. F. Phares will leave Saturday night for Decatur, Ill., to visit his mother, Mrs. E. C. Phares, who will return with him to Maryville, where she will make her home.

Bert Mack went to St. Joseph to attend the opening of the base ball season of the Western league in that city today.

Charles Roach of Bedford placed a carload of cattle on the St. Joseph market Thursday.

## CHILDREN CAN HELP

NICKELS AND DIMES WILL HELP TO SWELL THE FUND.

## MORE MONEY IS NEEDED

Committee is Still Working But Voluntary Contributions to Carl Wright Fund Are Asked For.

It will be necessary for many more people to donate to the fund to give Carl Wright the treatment that stands between him and death. The committee that has been soliciting money for this purpose has raised quite an amount, but not enough, as \$500 is needed to get treatment that will save the little boy's life.

As the business men of the city have donated liberally to the fund, it is now up to the general public to subscribe. If any one desires to donate they can telephone or send in the amount they wish to give to The Democrat-Forum, or E. E. Williams or W. F. Phares, who are on the committee.

It is necessary to have the full amount raised before the treatment will be given. The physician, Dr. Wm. Wallis, Jr., and Dr. C. T. Bell are to donate their services and the hospital is reducing the cost of care to the lowest point.

It is now up to the general public. Any amount will be appreciated.

Boys and girls, have you not some nickels and dimes in your banks that you could easily spare to help cure a boy who cannot run and play as you do, and will not even have a chance to live and grow up strong and well as you are growing unless he has this treatment. It is his only chance.

Give what you can. If it is only a nickel, do not be ashamed to give it, for it will be one of the little things that will help make the big sum of \$500 that must be raised.

### PASS EIGHT DOLLAR MARK.

Highest Price for Hogs Established Since January, 1911.

For the first time since January, 1911, hog prices Thursday passed the \$8 mark. While the range of prices for hogs sold on the Kansas City market is higher than at some other smaller markets where an occasional choice load has sold higher than this, the top at Kansas City has been simmering around \$8 till today, when sales were made at \$8.05.

The runs recently have brought in some very choice hogs, in some cases better than those sold Thursday at \$8.05. The prices have merely advanced steadily.

When hog prices rose high enough to make a car load bring \$1,000 a few months ago, hope was expressed by old traders that when they could pay \$6 per 100 pounds for hogs in the country, they could begin to do business, as farmers had set that as a mark where they would begin to part with their hogs. Long ago that price has been passed in the country, and now car loads of hogs good enough to bring \$1,500 are marketed every day.

### CANDIDATES FILING.

Amos Sprecher for Treasurer and Martin Borrusch for Sheriff.

Amos Sprecher filed his declaration with County Clerk Demott Friday as a candidate for the Democratic nomination for county treasurer. Mr. Sprecher is a good man and is fitted for the office he seeks.

Martin Borrusch filed his declaration for the Republican nomination for sheriff. There are three candidates filed for this office on the Republican ticket—John Wallace, F. P. Reuillard and Mr. Borrusch.

### On Visit in Kansas.

Mrs. David Munn and son left Thursday evening for Wellington, Kan., to visit her sister, Mrs. John Frankum. Mr. Munn accompanied them as far as Kansas City. They will not go to Hot Springs, Ark., where they have decided to locate, until Mr. Munn has recovered sufficiently for his work as traveling salesman.

Mrs. James Middleton of Tarkio arrived in Maryville Thursday night for a visit with relatives here until after Sunday.

#### Announcement.

I wish to announce that I will be a candidate for county treasurer on the Democratic ticket, subject to the primary election in August.

SAMUEL H. WILLIAMS

#### Announcement.

We are authorized to announce Luke P. Colvin as a candidate for sheriff, subject to the decision of the Democratic voters at the August primary.

Miss Edith V. Neal, a State Normal student, went to her home near Pickering Friday to visit over Sunday with home folks.

Miss Frances Nagle of Lenox, Ia., who has been visiting Mrs. J. C. Groves since Saturday, returned home Friday noon.

Miss Golda Roelofson is recovering from a several days' illness and will be able to return to school next week.

Miss Audrey Howendobler went to St. Joseph Friday morning to visit until Sunday with Mrs. Charles Awalt.

Ed Younger, a State Normal student, went to King City Friday to visit over Sunday with home folks.

Mrs. G. C. Trusty and Mrs. Pearl Jones of Burlington Junction were Maryville visitors Friday.

S. A. Clark, editor of the Republican at Carrollton, Mo., was in Maryville Thursday night.

Mr. and Mrs. Richard Kuchs returned Thursday from a week's visit in St. Joseph.

Mr. and Mrs. Matt Guinn of Bedison were business visitors in Maryville Thursday.

Miss Gretchen Cranor went to Albany Friday to visit over Sunday with her parents.

## FRECKLES

New Drug That Quickly Removes These Homely Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as a new drug, othine—double strength, has been discovered that positively removes these homely spots.

Simply get one ounce of othine—double strength, from any first class druggist and apply a little of it at night, and in the morning you will see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

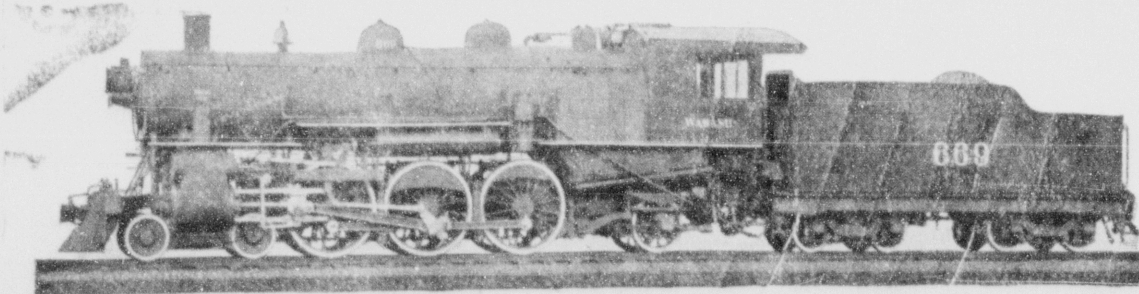

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

## The Wabash Receives New Passenger and Freight Engines

Pacific Type of New Wabash Passenger Engine

The Wabash Railroad has just received and put in service a large number of new locomotives for freight and passenger service; also placed another order for additional motive power for early delivery.

The passenger engines are of the Pacific type in the latest model of high grade passenger locomotive, with 24 by 26 inch cylinders, weight 400,000 lbs., boiler pressure 200 lbs., and tractive power 35,360 lbs. The tender has a capacity for 15 tons of coal and 8,000 gallons of water. These engines are capable of hauling the heaviest passenger trains. In designing them, special attention has been given to starting a train and getting it up to the maximum speed quickly, which insures a smooth, even run—so desirable to transportation.

The freight engines are known as the Mikado type, which is the last word in motive power. Particular attention has been given to lessening the consumption of fuel, thus enabling the engines to make long runs for coal and water, avoiding the necessity for frequent stops. They have cylinders 25 by 30 inches, weigh 421,000 lbs., boiler pressure 200 lbs., and tractive power 49,800 lbs. The capacity of the tender is 15 tons of coal and 8,000 gallons of water. Although they have been in service but a short time, they have shown surprising results in both efficiency and economy of operation.

## News of Society and Womens' Clubs

### Tuesday Evening Dinner.

Mr. and Mrs. L. A. Denny were Tuesday evening's dinner guests of Mr. and Mrs. G. B. Roseberry.

### To Give Operetta Tonight.

The Ladies' Aid society of the M. E. church at Parnell will present "The Feasts of the Little Lattens," an operetta, at the opera house Friday night.

### Surprise Miss Blatter.

Miss Anna Blatter, who leaves this evening for Granite City, Mo., a suburb of St. Louis, and her guest, Miss Tillie Quast, were pleasantly surprised Thursday night by a number of their friends, who gathered at Miss Blatter's home and spent the evening with games and music. The guests took a luncheon with them, which was served at the close of the evening. Those present were Misses Agatha and Bertha Kirch, Katie and Theresa Yehle, Mary Herrick, Mamie Luneman, Anna McNellis, Mary Schafer, Anna Brant and Mrs. William Reitenrath. Miss Blatter goes to Granite City to nurse in the hospital there.

### DEATH OF MR. WILLIAMS.

Passed Away Friday Morning—Was an Old Pioneer Resident of County.

Richard B. Williams, pioneer resident, living five and a half miles south of Maryville, died Friday afternoon about 10 o'clock, after a long illness.

### To See New Grandson.

Mrs. J. P. Norris went to Barnard Thursday evening to visit her daughter, Mrs. Charles Dane, and to see her new grandson, that came Thursday morning to Mr. and Mrs. Dane.

### Her Sister in Hospital.

Mrs. J. D. Montgomery went to St. Joseph Thursday evening to visit her sister-in-law, Mrs. William Albright of Skidmore, who is a patient in the Sisters' hospital of that city.

### Fleming Able to Be Out.

Pierce Fleming of Graham, who was so seriously burned in the fire which destroyed his home on February 3, has so far recovered as to be able to get out of doors now.

### Spent Afternoon With Sister.

Miss Lisa Brown of St. Joseph visited in Maryville Friday afternoon with her sister, Miss Lena Brown, stenographer for Shinabargar, Blagg & Ellison.

### Attending Meeting at Hopkins.

Rev. Lee Harrel went to Hopkins Friday noon to attend the evangelistic services being held at the Baptist church at that place.

Mrs. W. N. Morgan returned to her home at Parnell Friday, after attending the high school commencement at Pickering, where her niece, Miss Rachel Watson, was graduated.

Mrs. Sherman Reynolds and son and her mother, Mrs. Isaac Gill, went to Atholston, Ia., Friday to see Mrs. Gill's brother, who is lying at the point of death.

Mrs. Tena Combs and her daughter, Mrs. May Spoonemore, of Hopkins came to Maryville Thursday evening to visit their daughter and sister, Mrs. Fred Norris.

Mr. and Mrs. W. G. Greenleaf and children returned Friday from a visit at Burlington Junction with Mr. Greenleaf's mother, Mrs. James Greenleaf.

Mrs. Bert Wray went to Stanberry Friday on business.

The talk of the town—the silent running Jackson automobile just received at Barmann & Wolfert's.

## TITANIC DEATH

LIST IS 1,601

One Died in Lifeboat and Five on Carpathia.

### LINER'S SIDE LAID WIDE OPEN

Brave Captain, Twice Washed From Bridge, Stood at His Post as Vessel Went to the Bottom.

New York, April 19.—The total death list of the Titanic disaster is 1,601.

The great liner went down with her band playing, taking with her to death all except 745 of her human cargo of 2,340 souls. To that death list six persons were added.

One died in a lifeboat which was put off from the liner's side, and five subsequently succumbed on the rescue ship Carpathia.

The list of prominent men missing stands as previously reported.

Survivors in the lifeboats huddled in the darkness at a safe distance from the stricken ship and saw her go down.

Ripped from stem to engine room by the great mass of ice she struck amidships, the Titanic's side was laid open as if by a gigantic can opener.

She quickly listed to starboard and a shower of ice fell onto the forecastle deck. Shortly before she sank she broke in two abaft the engine room, and as she disappeared beneath the water the explosion of air caused two explosions which were plainly heard by the survivors adrift.

A moment more and the Titanic had gone to her doom with the fated hundreds grouped on the afterdeck.

Following is the account of Lawrence Beasley of London:

Jar Was Slight.

"I had been in my berth for about ten minutes when, at about 11:15 p. m., I felt a slight jar and then soon after a second one, but not sufficiently large to cause any anxiety. However, the engines stopped immediately afterwards.

"On going on deck I saw that there was an undoubted list downwards from stern to bows, but knowing nothing of what had happened, concluded some of the front compartments had filled and weighed her down. I went down again to put on warm clothing and as I dressed heard an order shouted.

"All passengers on deck with life belts on. We all walked slowly up with them tied on over our clothing, but even then presumed this was a wise precaution the captain was taking and that we should return in a short time and retire to bed. There was a total absence of panic or any expressions of alarm.

"But in a few moments we saw the covers lifted from the boats, and the crews allotted to them standing by and caring up the ropes which were to lower them by the pulley blocks into the water.

"We then began to realize the danger was more serious than had been supposed.

No Disorder or Panic.

"All this time there was no trace of any disorder, panic or rush to the boats and no scenes of women sobbing hysterically such as one generally pictures as happening at such times; everyone seemed to realize so slowly that there was imminent danger.

"One by one the boats were filled with women and children, lowered and rowed away into the night. Presently the word went around among the men, 'The men are to be put in boats on the starboard side.' I was on the port side and most of the men walked across the deck to see if this was so. I remained where I was and presently heard the call:

"Any more women?" Looking over the side of the ship I saw the boat swinging level with B deck, half full of women. Again the call was repeated.

"Any more women?"

"I saw none come on, and then one of the crew looked up and said:

"Any women on your deck, sir?"

"No," I replied.

"Then you had better jump."

"I dropped and fell in the bottom as they cried, 'Lower away.' As the boat began to descend two women were rushed hurriedly through the crowd and heaved over into the boat and a baby of ten months passed down after them.

Tilted Straight on End.

"Presently we observed the Titanic settling very rapidly with the bows and the bridge completely under water and it was only a few minutes before she went down. She slowly tilted, straight on end with the stern vertically upwards and as she did, the lights in the cabins and saloons, which had not flickered for a moment since we left, died out, came on again for a single flash, and finally went altogether.

"And then there fell on the ear the most appalling noise that human beings ever listened to—the cries of hundreds of our fellow beings struggling in the icy cold water, crying for help with a cry that we knew could not be answered.

"Capt. Smith stood on the bridge until he was washed off by a wave. He swam back, stood on the bridge again and was there when the Titanic went to the bottom."

## ORPHANS—FOR ALICE.

"Our Teddy" has given us a mint of advice,  
Spite of which we do not hear him malice;  
His third term opinion's original, quite!  
He has hoodooed the hut and the palace.  
Tis strange that his daughter don't heed his advice,  
Her heart must be awfully callous.  
Perhaps it is caused by "cut glass on the heel;"  
(A fad that's original with Alice.)

"Our Teddy" thinks the women are indolent shirks  
If they have not a baker's half dozen  
Of children to care for the home's incomplete;  
Why don't he at Alice be fussin'?  
She's been married now for eight year or more,  
Theo, Junior, has heeded his father.  
Alice might get some orphans, the asylums are full;  
Perhaps she's afraid they'd be bother.  
She'd have servants to wait on the children, I think;  
Perhaps they would not much trouble;  
She'd not have to work for their board and their keep,  
Or bend o'er the wash tub till double.

I think Nick could keep five or six very well.  
He needn't build each one a palace,  
Just a plain brown stone front might do you young Ted—  
(They won't all be strenuous, Alice!)

So, Alice, get busy, election's most here,  
And dearly your pa loves the people.  
Get six orphan babies, call one Booker Black,  
And you'll sit neath the great White House steeple.

And maybe they'll give you a crown of pure gold,  
And present you a diamond chalice!  
So if you'd be helping "Our Teddy" (your pa),  
Pray heed my advice, Princess Alice!

—TILLIE RHODES RUSSELL,  
Hopkins, Mo.

## IT GROWS HAIR.

## Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet requisite, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store.

The Orear-Henry Drug Co., 113 North Main street.

Mrs. Dan Holmes returned Thursday evening from a two weeks' visit with her parents, Mr. and Mrs. M. C. Bean, at Cleston, Ia.

## A WORD WITH WOMEN.

## Valuable Advice for Maryville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." When the kidneys get congested and inflamed, there are many such aches and pains and the whole body suffers.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. They can't get well alone.

Doan's Kidney Pills have brought sound backs and new life and strength to thousands of suffering women. They are endorsed right in this locality. Read this woman's convincing statement:

Mrs. Martha Partridge, 891 East Fourth street, Maryville, Mo., says: "It was seven years ago when I suffered from kidney and bladder complaint, and my trouble made me weak and nervous. I used Doan's Kidney Pills and received relief. I procured them at Love's drug store (now Love & Gaugh's drug store), and cannot say too much in their praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

Mrs. J. Slater, who has been visiting her father, Marion Gill, for six weeks, returned to her home in St. Joseph Thursday evening.

## ZEMO FOR YOUR SKIN.

## Eczema, Pimples, Rash and All Skin Afflictions Quickly Healed.

No matter what the trouble, eczema, chafing, pimples, salt rheum, Zemo instantly stops irritation. The cure comes quick. Sinks right in, leaving no trace. Zemo is a vanishing liquid. Your skin fairly revels with delight the moment Zemo is applied. Greatest thing on earth for dandruff. Zemo is prepared by E. W. Rose, Medicine Co., St. Louis, Mo., and is sold by all druggists at \$1 a bottle. But to prove to you its wonderful value it is now put up in liberal size trial bottles at only 25 cents and is guaranteed to do the work or your money back. Sold at Love & Gaugh's drug store.

Mr. H. F. Leet and daughter went to St. Joseph Friday morning to spend the day.

## Lovely Hair for Girls and Boys.

The man who is bald at 30 can usually blame his mother.

It is a mother's duty to look after her children's hair; to be sure that a dressing is used that will destroy the microbes of disease, will banish dandruff and promote a growth of hair.

Mothers who use Parisian Sage need never worry about having bald-headed sons at 30 or girls with faded, coarse looking hair at any age.

For the Koch Pharmacy knows Parisian Sage so well that they guarantee it to abolish dandruff; to stop itching scalp and falling hair, or money back.

And children as well as their parents love to use Parisian Sage, for it is so refined and pleasant and makes the head feel fine instantly. 50 cents.

## DISASTER DROVE SOME INSANE

Report Ship Was Going Fast When She Struck—Statement Issued Without Signatures by Committee of Passengers.

New York, April 19.—The early arrival of the Carpathia at quarantine surprised even the customs officials. Five hundred friends and relatives had gathered inside the pier sheds at 8.30 o'clock.

The relatives arranged themselves in the alphabetical sections so there would be no confusion. The customs men were instructed to direct the survivors to proceed to the sections. The arrangements were perfect to avoid confusion.

When the news came that the Carpathia had passed the Battery, there was an air of expectancy, but no one moved from the places assigned them. Great bundles of blankets and stretchers were carried to the gangway entrances while the doctors and ambulance attendants grouped themselves ready to go aboard as soon as the lines were made fast.

A committee from the New York Stock exchange went to the pier shortly before the Carpathia arrived, bringing \$20,000 in cash to be distributed among those most in need of assistance.

This money was raised on the exchange by popular subscription and brought to the pier in an oblong box. As the liner gradually warped into her berth, the wildest of reports were passed back and forth among the great crowd.

Captain Smith was at first reported to have shot himself on the bridge and the chief engineer likewise committed suicide and three Italians were shot to death in the struggle for the lifeboats.

## Women First to Leave.

Three women were first to leave. They did not wait for the boat to stop but climbed down the ladders.

After the women came a sailor. He was followed by a man in a big brown raincoat and a soft hat. He was followed by a woman who looked around as if startled.

Then followed three other women. They went into the freight elevator to be lowered to the street.

It was plain from the appearance of the survivors that they had lost their clothing and had been fitted out by the Carpathia's passengers. Clothes did not fit and many instances women wore sweaters. One wore an opera hat.

Two men and women, apparently violently insane, were carried from the steamer, while there were scores of women in a state of coma and plainly mentally unsettled.

## Survivor Charges Carelessness.

C. H. Stengel, one of the first passengers off the vessel, said that the collision of the Titanic with the iceberg was the result of "criminal carelessness."

"The ship was going 22 knots an hour when she struck," he exclaimed. Stengel said that the impact was so terrific that great blocks of ice were thrown on the deck and a number of persons were killed when these blocks slid across the decks.

The stern rose in the air. People ran shrieking from below. Women and children immediately rushed to the deck.

As fast as possible they were lowered away to the sea. Sailors took the women and hurled them bodily into the boats, tearing them away from their husbands to whom they were clinging.

## Statement of Committee.

This statement by a committee of survivors was given to the press on the arrival of the Carpathia:

"We, the undersigned surviving passengers from the steamship Titanic, in order to forestall any sensational or exaggerated statements, deem it our duty to give to the press a statement of facts which have come to our knowledge and which we believe to be true.

"On Sunday, April 14, 1912, at about 11:40 p. m., on a cold starlight night, in a smooth sea and with no moon, the ship struck an iceberg which had been reported to the bridge by lookouts, but not early enough to avoid collision.

"Steps were taken to ascertain the damage and save passengers and ship. Orders were given to put on life belts and the boats were lowered.

"The ship sank at about 2.30 a. m. Monday, and the usual distress signals were sent out by wireless and rockets at intervals from the ship."

Fortunately the wireless message was received by the Cunard's Carpathia at about 12 o'clock midnight and she arrived on the scene of the disaster at about 4 a. m. Monday.

The officers and crew of the steamship Carpathia had been preparing all night for the rescue and comfort of the survivors.

"We feel it our duty to call the attention of the public to what we consider the inadequate supply of life saving appliances provided for on modern passenger steamships. The following facts were observed and

should be considered in this connection:

"The insufficiency of lifeboats, rafts, etc.; lack of trained seamen to man same (stokers, stewards, etc., are not efficient boat handlers); not enough officers to carry out emergency orders on the bridge or to superintend the launching and control of lifeboats; absence of searchlights."

The statement was signed by Samuel Goldenberg, chairman and twenty-five passengers.

Stengel said that 1,500 men leaped into the sea when they saw that there was no chance for them on the boats. "How they died I do not know. I caught a lifeboat by the gunwale after I had jumped into the ocean. I was dragged on board.

"There were not enough sailors in the lifeboats to operate them and the women were compelled to pull oars themselves. Some of these women, working at the oars, could be heard shrieking the names of their husbands," continued Stengel.

## Sea Was Calm

Mrs. Andrews of Hudson, N. Y., said the crash came at 11:35 and they got off in the boats at 12:15. The Titanic sank about 2 a. m. She got on board the Carpathia at 8:30 a. m. The sea was very calm, but became rough after that hour.

"We did not see the Carpathia until daylight and we did not know whether we were to be rescued or not. Many of the women are insane."

Mrs. Andrews wore only her night dress and she said that the agony of six hours at sea in the boat, not knowing whether they would be saved, was beyond her power of description.

Miss Bonnell of Youngstown, O., said that the steamer was booming along at the usual rate of speed when the wreck occurred. She dictated the following statement to the United Press:

"Shortly before midnight Sunday night the Titanic was plowing through the ice fields at about its usual rate of speed. A large proportion of its passengers were asleep.

"As near as I can tell, about 11:30, the bottom of its bow drove into a large iceberg. Many of the lower plates of the hull were torn asunder. The water rushed in and the boat immediately began to sink by the bow. The men certainly showed splendid heroism. There was no panic among the steerage or second class passengers, but the men among the first cabin passengers flew into a rage.

"I heard several shots fired and I was informed that the manager of the boat had fired them at men who crowded women out of the lifeboats."

## Ismy Jumped Into Boat

E. Z. Taylor of Philadelphia, one of the Titanic survivors, said through the United Press that J. Bruce Ismy, chairman of the White Star line board, jumped into the third lifeboat that was to be launched.

He gave up his seat in this boat to a woman with a baby. Ismy then jumped in the next boat to be launched, saying he was going to man and have charge of that boat.

A passenger on the Carpathia made the following statement:

"I was awakened at about 12:30 at night by a commotion on the decks which seemed unusual, but there was no excitement.

"I went to the deck. The Carpathia had changed her course. Lifeboats were sighted and began to arrive—and soon, one by one, they drew up to our side.

"There were 16 in all and the transferring of the passengers was most pitiable. The adults were assisted in climbing the rope ladders by ropes adjusted to their waists.

The little children and babies were hoisted to the deck in bags. Some of the boats were crowded, a few were not half full. This I could not understand. Some people were in full evening dress. Others were in their night clothes and were wrapped in blankets.

"Those with immigrants in all sorts of shapes were hurried into the saloon for a hot breakfast. They had been in the open boats for four and five hours in the most biting air I ever experienced.

"There were husbands without wives, wives without husbands, parents without children and children without parents. But there was no demonstration. No sobs—scarcely a word spoken. They seemed to be stunned.

"Immediately after breakfast divine services were held in the saloon. One woman died in the lifeboat, three others died soon after reaching our deck."

## Officer Killed Himself

Quartermaster Moody of the Titanic said that First Officer Wilde of the Titanic, who was on the bridge when the vessel struck the berg, killed himself.

He said that Wilde drew his revolver and shot himself as soon as he realized that the ship had struck.

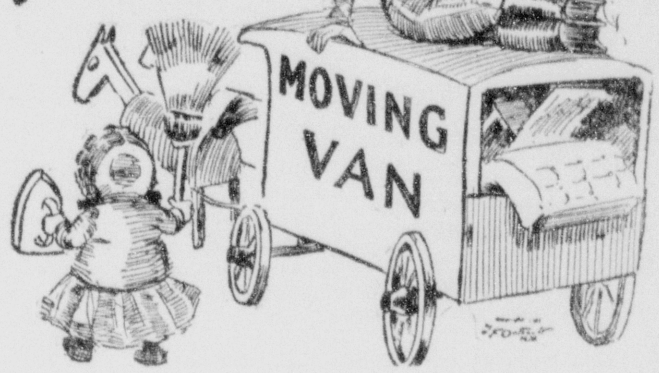

"We were running fully 23 knots an hour," said Moody, "when we hit. We encountered a sudden haze, probably coming from the great iceberg, and we could hardly have been more than one or two lengths into it when we hit. We struck the 'growler' first, and the Titanic simply went over it and broke her back. There was no chance for the compartment doors to close."

Charles W. Dantels of Philadelphia said:

"The men behaved bravely. Maj. Butt took charge of one section of the ship in placing the women in the lifeboats.

"Howard Case was another hero. He installed a system to get the women off. And he saw that the system was followed. I think he was the big hero of the disaster."

Whether you move or not, don't you need new furniture?

## House Cleaning

And Then Some New Furniture  
to Brighten up the House is next in order.

We are in a position this spring to give you some good things at very good prices. Our line is complete and we will give you the best possible price on anything you may need in the Furniture line. We would be glad to have you come and see what we have and get our prices on same.  
Yours for business,

1st Prize Winners Maryville Show. Eggs \$2.00 and \$4.00 per 15. O. A. DODGE, Maryville, Mo. Bell Phone 378. 1010 North Fillmore.

## TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy Quickly Relieves Catarrhal Deafness.

The thousands who suffer the miseries of colds and catarrh and claim they have never found a cure can obtain relief by simply anointing the nostrils with Ely's Cream Balm.

Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic Balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste, smell and improves the hearing. More than this it strengthens the weakened and diseased tissues, thus protecting you against a return of the trouble. This remedy will cure a cold in a day, and prevent its becoming chronic or resulting in catarrh.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached by mixtures taken into the stomach, nor can it be cured by snuffs and powders which only cause additional irritation. Don't waste time on them. Get a 50-cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

Mothers should give the children Ely's Cream Balm for colds and croup. It is perfectly harmless, and pleasant to take.

Let us have a look at your Eyes

You may be having trouble that is caused from eye strain.

Our thorough routine examination with Mediaometer and trial case enable us to obtain results that make the use of glasses a pleasure.

All work guaranteed.

**Raines Brothers**  
Opticians

"Just a step past Main"

**Choice Buff Wyandotte**  
Eggs for hatching, \$3.00 per 15 from first pen, containing birds scoring as high as 94½, headed by a prize winning cockerel. Eggs from second pen \$1.50 per 15. Eggs from both of these pens, as they run, \$2.00 per 15. W. H. CRAWFORD & SON.

**R. C. RHODE ISLAND RED**  
Eggs for sale, winning first on pen at King City and Guilford, second and third at Maryville poultry shows, fall of 1911; winning fourteen regular prizes from the three places on two pens, pen No. 1 scoring 91½ to 93½. \$1.50 per setting. Utility pen, 75c per setting; \$4.00 per hundred.  
MRS. JOE THOMPSON, Guilford, Mo.

**Orpingtons—Crystal White and Buff. Eggs for Hatching**  
and baby chicks for sale from prize winning, vigorous stock. These large breeds are noted for their meat and egg laying qualities. Prices low. JOHN E. CAMERON, Poultry Yards, 409 West 9th St., Hanamo 217 Red.

**WHITE PLYMOUTH ROCKS**  
"The Kind That Stay White"  
Took 14 premiums at poultry show in Clarinda, Iowa, in December, 1911. Eggs from best matings \$1.50 for 15. Booking orders now.  
G. L. GILLESPIE, Clarinda, Iowa.

**Mrs. Chas. H. Rice, breeder of S. C. Brown Leghorns.** My yard contains first prize winners from some of the biggest shows in Missouri. Eggs, \$1.00 per setting, or \$5.00 per 100. Baby chicks, \$15.00 per 100. Will have a few settings of M. B. Turkey eggs at \$2.00 per setting. Mrs. Chas. H. Rice, phone 49-20.

**WHITE PLYMOUTH ROCKS**  
Large birds, standard weight or better. Pure white plumage. My winnings at N. W. Mo. P. A. show against strong competition should convince you that I have quality stock. \$1 per 15 for eggs, \$5 per 100. 710 South Walnut St. Hanamo 136 Red.  
O. A. BENNETT.

No lice, no mites. They lay, pay and ours won at local and Mo. state show. Free instructions for rearing the ducklings. S. C. Buff Orpington hen eggs. Reasonable prices. Mrs. O. E. JONES, Phone 26 21. Maryville, Mo., R. 6.

**Was in the City.**  
Rev. C. H. Owens, pastor of the Baptist church at Clearmont, and also editor of the Clearmont Ledger, was in Maryville Friday.

**INDIGESTION**  
Causes Dizziness, Nervousness, Biliousness, Sick Headache and Sleeplessness.

You know that most of the ailments named above come from an out of order stomach.

When your food reaches the stomach it should digest and furnish nutritious matter to the blood.

It doesn't digest, but lays heavily on your stomach, it has started to ferment.

When it ferments it sets loose in the stomach poisonous gases which irritate the great pneumogastric nerve that leads directly from the brain to the stomach.

That irritation causes heartburn, dizziness, night sweats, nervousness, and other ailments.

Mi-o-na is guaranteed to end all stomach misery or money back. Fifty cents at the Orear-Henry Drug Co. and druggists everywhere.

Mrs. S. R. Johnson and little daughter and Miss Anna Lee Foster of Elmo were in the city shopping Friday.

## COMMITTEE WILL QUESTION ISMAY

White Star Manager at First Reported Under Doctor's Care.

FINALLY CONSENTS TO TESTIFY

Had Intended to Leave for England Immediately—Senate Investigation of Disaster Will be Pressed Vigorously.

New York, April 19.—J. Bruce Ismay promised the senate committee to investigate the Titanic disaster that he will testify at the first hearing by the committee at the Waldorf Astoria.

Chairman William Alden Smith of Michigan and Senator Newlands of Nevada, the two members of the committee who came from Washington to New York to meet the Carpathia at the dock, obtained this promise from the general manager of the International Mercantile Marine. They arrived at the dock from their train just as the first passengers were landing. Forcing their way on board the ship they at last located Vice President Franklin.

At first they were told that Mr. Ismay was under a doctor's care and not until the senators had informed Mr. Franklin what they desired to ask were they admitted to Mr. Ismay's quarters. After 20 minutes the two senators left the steamer, announcing that Mr. Ismay had consented to appear at the inquiry.

**Ismay Anxious to Sail.**  
Mr. Ismay, after his interview with Senator Smith, said he was desirous of sailing on the Carpathia in the afternoon. Carpathia is scheduled to sail at 4 o'clock. Mr. Ismay assured the senators, however, that he would make a complete statement of the catastrophe and that if he could not finish in time for the sailing he would change his plans.

Secretary Nagel, Supervising Inspector General of the steamboat inspection service, Sergeant-at-Arms Randall of the senate and his assistants accompanied the senators with a party of others, who went to meet friends or relatives aboard the Carpathia. Mrs. Champ Clark and Miss Genevieve Clark, Representatives Levy and Goldgold of New York and other members of the house were among them.

Chairman Smith said he expected the investigation would immediately be proceeded with and pressed vigorously.

The Titanic had never cleared from an American port, but the investigation is designed to show the extent to which liners adhere to American safety regulations.

**British Inquiry, Also.**

London, April 12.—A searching inquiry into matters concerning the catastrophe to the Titanic, pertaining to their respective departments, was promised in the house of commons early in the afternoon by both Sidney Buxton, president of the Board of trade, and Herbert L. Samuel, postmaster general.

The postmaster general said that he had already taken up the subject of the false reports which had been published.

**FIRST RANGE CATTLE ARRIVING**

Texas and Western Stock Coming in Trainloads to Big Kansas Grazing District.

Cottonwood Falls, Kan., April 19.—The first large shipments of Texas and Western cattle which will be pastured in the big grazing district around Bazaar and Matfield this season have just arrived at Bazaar.

Three trainloads of stock, consisting of 49 cars were unloaded and a fourth trainload is due.

As grass is still too short to afford stock sufficient grazing, it will be necessary to put all early shipments on a ration of cotton cake or other kinds of feed.

**ILLINOIS HAS APRIL BLIZZARD**  
Snow Fell in Chicago Through the Night and Nearly all Day—No Crop Damage.

Chicago, April 19.—An April blizzard that extended from Nebraska to Chicago is raging here. Snow fell in Chicago most of the night and nearly all day.

Snow fell in Nebraska and Iowa and the northern part of Illinois.

The snow in this section melted almost as fast as it fell, although the ground was covered heavily enough to be perceptibly white. It is reported that no damage to crops has been done.

## SAGE-TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time fireside method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty-cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Special Agent, Koch Pharmacy.
